

industrial Material Handling solutions

EOT Cranes, JIB Cranes,  
Articulating Jibs, Conveyors,  
Assembly Automation  
and other Lifting Equipments

## EOT & GANTRY CRANE

As a result-oriented manufacturer, we offer the best Single Girder and Double Girder EOT Cranes and Gantry Cranes and cater to the requirements of various industries for material lifting and handling. These find wide uses in the industry for their quality attributes like maximum lifting capacity, excellent performance and easy control/braking etc. Our offered Industrial Cranes are made with modern as well as core technologies that ensure to their high efficiency in terms of functionality and working capacity. Moreover, our production approach is based on ISO norms, ensuring to the finest quality of the crane.

### FEATURES :

- \* Convenient & low noise operations
- \* Robust structure with flexibility usage
- \* Variable frequency
- \* Advanced safety devices
- \* Low maintenance and long working life

## JIB CRANE & Articulating Jibs

Our offered Industrial Jib Cranes are fabricated with the use of finest grade material & components, and these are especially designed using progressive technologies at our base and can be mounted on foundation, floor, pillar, colum or wall. Our engineers carefully develop the Jib Cranes so as to ensure their high operational efficiency and stable performance.

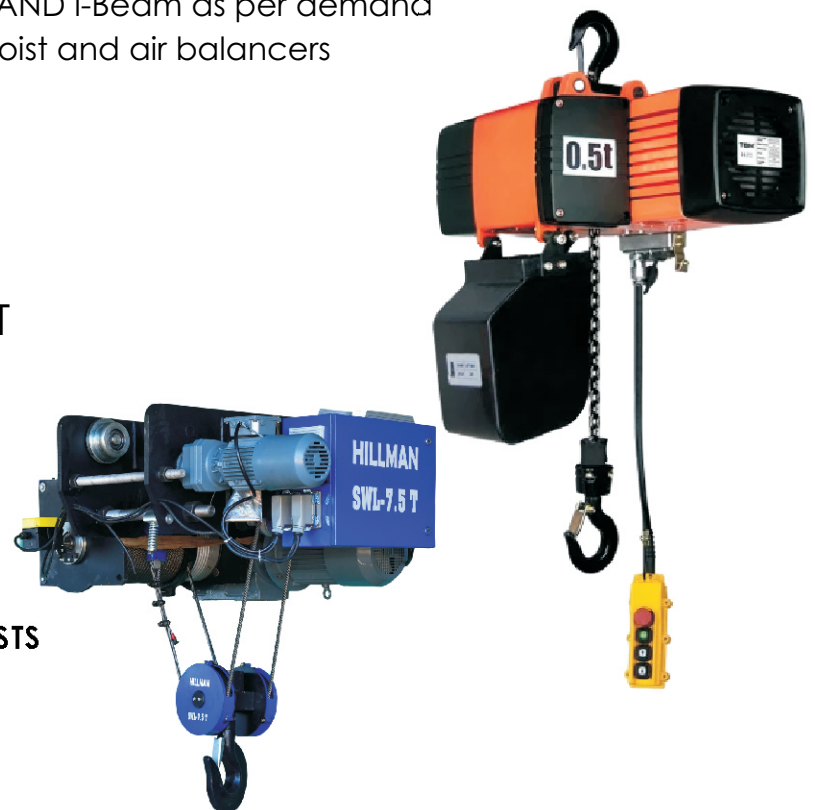

### FEATURES :

- \* Excellent lifting capacity from 125kg to 5MT
- \* Simple structure and working
- \* Booms are made with profile sections(KBK) AND i-Beam as per demand
- \* Provided with both wire rope hoist, chain hoist and air balancers
- \* Easy to handle
- \* Smooth running
- \* Adjustable speed.

### CHAIN HOIST AND WIREROPE HOIST

- \* **OPTIMAL SPACE UTILIZATION**
- \* **HIGH SAFETY IN OPERATION**
- \* **GENTLE WORK**
- \* **LOW INSTALLATION AND MAINTENANCE COSTS**
